Transform Your *Wet Areas*

Portaline is your ideal choice for enhancing the aesthetics of bathrooms, laundries, and kitchens.

Designed exclusively for internal use, it's perfect for upgrading these spaces.

Plus, Portaline comes primed with a waterbased primer, ready for your chosen finishing coat colour, making your job easier.

When installing, compliance is key:

- Seal all product sides and cut-outs properly with an appropriate sealer to prevent moisture infiltration.
- Avoid installation in areas with water splashes or high moisture levels, like shower recesses or spots where a vessel (e.g., bath, basin, or tapware) is within 75mm of a wall.
- Installation in wet areas must comply with specified requirements according to AS 3740:2021 and NCC Vol 1F2P2 or Vol 2 S26C5.

Transform Your Interiors *with Portaline*

Portaline offers a seamless way to enhance your interior spaces with style and ease.

Crafted from ready-to-paint Primed FJ Pine or versatile Spruce, Portaline products are lightweight, easy to install, and bring both style and functionality to any space. Made with sustainably sourced timber, Portaline helps you create beautiful interiors with ease.

Product features:

- Choose from ready-to-paint Primed FJ Pine or raw finish Spruce.
- Lightweight and easy to install.
- Designed for flat and curved applications.
- Suitable for interior use, including bathrooms, laundries, and kitchens.
- FSC® certified as sustainably sourced timber.
