ELEGANCE

**A saturated and versatile
palette, elevated by brass
metals and warm timbers.**

The use of rich navy creates elegance and calm, simultaneously.

You know what you love, what speaks to your soul. You'll never settle for less. When you focus on creating that dream interior space, it's all about how personal and interesting you can make it. How much it reflects your style, vivacity and spirit.

The flexible, adaptable profile, **easygroove** is the perfect starting point. Matching the elegance and impact of dramatic navy blue, with brass metal and rich timber, this statement style comes to life. If you live and breathe design, whether it's for a new home or a creative renovation, welcome to your new comfort zone.
