EASYCRAFT PANNELLING EXCLUSION ZONE

Guideline to installing **easycraft** panelling around a **fireplace**

Recommendations:

- Special consideration needs to be taken when installing Easycraft panels near a fireplace to avoid any potential safety hazards.
- It is our recommendation to follow the manufacturer's installation recommendations in conjunction with Australian and New Zealand Standard 2918.
- If you are unable to find the required information you can refer to the installation diagram below which outlines a common exclusion zone for timber based products. Please note that this is a guideline only as recommendations will differ between manufacturers.
