## Installation Made Easy

Easycraft panels include the easyjoin system that allows for a fuss free, quick installation.

The panels are identified by a Green Tongue for general purpose interior and a Blue Tongue for wet area interior & semi-exterior applications.

# GP traditional interiors

The possibilities for creating beautiful spaces are endless, with the comprehensive range of traditional Easycraft profiles. Take advantage of Easycraft's quality, durability and flexibility to add flair and function to every setting – dress up walls and ceilings with elegance, add texture and refinement, give timeless charm to restorations, renovations, extensions and new builds.

# GP contemporary interiors

Take a modern approach to creating exceptional spaces in your home, business, showroom or commercial premises. With the Easycraft range of distinctively contemporary wall and ceiling profiles, you can create stunning effects that lift your work and living environments out of the everyday, bringing your individual ideas to life.

# GP ascot range

Give authentic distinction to any room: especially formal dining rooms, master suites, hallways or entry foyers. Combine with an easydado rail, for infinite elegance. Pre-primed with an industrial grade undercoat on both sides, for quick and easy final coat application. The more contemporary ascot.Vogue series presents a sophisticated, well-defined profile.

# WA SE wet areas

Recommended for high-moisture interior spaces like bathrooms, laundries and kitchens, and semi-external (undercover) walls and ceilings. Durable, versatile and available in a wide range of profile finishes. It's extremely hardy and looks good too.

GP SE **expression** series

Go for style and impact: this range makes a confident contemporary statement and offers a large range of material options. Feel free to finish off pre-primed panels with your preferred paint colour or choose the warmth of ultra-stylish timber veneers.
