## DRAMA

A decadent palette for the confident colour curator. Igniting the imagination through drama and modern mysticism.

You dare to be different, you approach colour with confidence and love to let your imagination soar .

Our Easycraft **ascot.Vogue** and **easyAscot** put a stamp of distinction wherever you choose to use them: especially in formal dining rooms, master suites and entryways. Infinitely elegant, this design style adds a touch of decadence and drama. Pairing violet with dark purple, counterbalanced with the richness of polished marble, stone, leather, brass, and the warmth of timber. If you're enthralled by daring design and open to possibilities, seize your opportunity.
